

ET1187

Portable Variable Crimp Machine

Eaton is proud to add the ET1187 crimp machine to its line of portable crimpers. While being our most economical variable crimp machine to date, the new ET1187 machine boasts a broad crimp capability with a new "ease-of-use" that is sure to please hose assemblers in the field.

This new crimp machine has been approved to crimp:

- Aeroquip TTC / Weatherhead Z series braided fittings and applicable hoses in sizes 1/4" through 1 1/4"
- Aeroquip / Weatherhead 4S series spiral fittings and applicable hoses in sizes 3/8" through 1"

AVAILABLE WITH BENCH AND TRUCK MOUNT BRACKETS

FEATURES

- Can be mounted on service vehicles or bench tops
- Can be used remotely, 65lbs
- Can be powered with virtually any 10,000 psi hydraulic power source (minimum of 36 cu. inch pump reservoir capacity is required)
- Utilizes existing FT1380/ET4020 dies

BENEFITS

- Color coded collar for core hose products makes setup fast and easy
- Easily transported between job sites
- Versatile power source options
- Lower investment cost than other variable crimpers

GH681 / H180

Standard machine comes with GH681/H180 settings built in for use with TTC/Z fittings in sizes -4 through -20.

-12 size setting shown

GH781 / H280

Standard machine comes with GH781/H280 settings built in for use with TTC/Z fittings in sizes -4 through -20.

-8 size setting shown

GH493 / H430

Standard machine comes with GH493/H430 settings built in for use with 4S fittings in sizes -6 through -16.

-16 size setting shown

Micrometer Dial

The micrometer section can be used to crimp other products not captured on the 3 primary collar settings, based on crimp target settings available in PowerSource.

This machine has a new, patent pending design to easily adjust to the Aeroquip and Weatherhead core products (see above). It's as simple as turning the collar to the correct color to match the layline on the hose, adjust the ring so that the correct size dot aligns with the correct size line on the collar and the machine is set for the correct crimp. Load the correct crimp die based on the crimp die chart attached to the machine, and the machine is ready to crimp.

Technical Data

ET1187-001
(Bench Mount)

ET1187-002
(Truck Mount)

Truck Mount

SPECIFICATIONS

Dimensions – 22" High x 9" Wide x 11" Deep

Weight – 65 lbs

CRIMP MACHINE PART NUMBERS

ET1187-001 = Base machine with bench mount bracket only, no pump, no tooling

ET1187-002 = Base machine with truck mount bracket only, no pump, no tooling

ET1187-003 = Base machine with bench mount bracket only, no pump, no tooling
(for standard hose EC115, EC215, EC415)

ET1187-004 = Base machine with truck mount bracket only, no pump, no tooling
(for standard hose EC115, EC215, EC415)

ET1187C-0017 = Bench Mount Bracket

ET1187C-0019 = Truck Mount Bracket

CRIMP DIES

ET4020TP-0002 – Die Package for -4, -6, -8, -12, -16 Braided and -6, -8, -10, -12 Spiral
(Includes M150, M180, M210, M240, M280, M320, M370 Dies)

FT1380-200-M420 – Die for -16 Spiral

FT1382-200-M465 – Die for -20 Braided

PUMP PART NUMBERS*

ET1000PK-001 = 2-Stage Hand Pump

ET1000PK-002 = Air/Hydraulic Pump

ET1000PK-003 = 110 Volt Electric Pump

ET1000PK-004 = 12 Volt DC Electric Pump

ACCESSORY PART NUMBERS

T-400-G = 1.5 oz. Tube, High Efficiency
PTFE Grease

FF91455 = 16 oz. Can, High Efficiency
PTFE Grease

* These pump kits include the pump, connecting hose assembly, and all of the adapters necessary to connect the pump to the ET1187 crimp machine.

Die Cage Part Number	1 Wire Braid TTC/Winner	2 Wire Braid TTC/Winner	Spiral Hose 4S Fitting	Spiral Hose TTC12 Fitting	ET4020TP-0002
