XL CLICK DRAIN PLUG

The XL is the biggest oil drain plug we produce and is the ideal solution for vehicles and machines with a large oil capacity. Our XL oil drain plug has an optimised flow and is specially designed to drain large volumes of oil in a short amount of time. Therefore, the XL is the ideal solution for heavy equipment such as trucks and mining equipment. To service fleets of large vehicles Femco® has also introduced the XL Click Drain. This quick-coupling system combines the advantages of the XL and the Click Drain plugs. Therefore, the XL Click Drain is the most effective solution for fleets of heavy equipment and train.

HOW TO DRAIN YOUR OIL (OR OTHER FLUIDS)
